

BRUISE STOPPERS

The best bruise and scratch protection on the market!

Wearing BruiseStoppers during your normal daily activity can protect against bruising and tears normally acquired during your daily activity and allow the skin tears and bruises that you do have time to heal. Our Sleeves are so

comfortable to wear, having beautiful skin again is

EASY! With BruiseStoppers neutral color, many people wear them during outings to further aid in prevention and healing of bruises and tears.

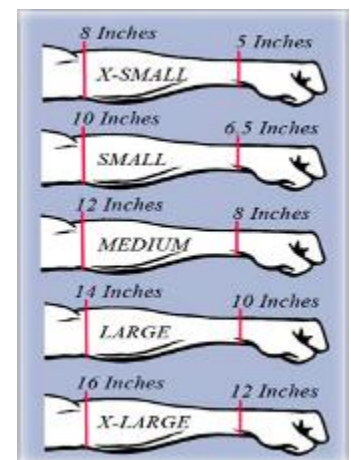

BruiseStoppers are machine washable and available in five sizes to fit almost everyone.

The Benefits Of Wearing BruiseStoppers:

- **Completely protects your arms from bruising!**
- **Stops cuts and scratches in their tracks!**
- **Reduces the risk of infections for diabetics and the elderly!**
- **Breathable, you can wear them all summer long & enjoy the outdoors.**
- **They are thin enough to wear under long sleeve shirts on those cooler days.**

Our BruiseStoppers Features:

- **Made from synthetic material that breathes and will not absorb sweat.**
- **Thumb loop and Velcro fastener to keep the bruise guards in place.**
- **Multiple sizes and a stretchy base material guarantee a great fit.**
- **Our special flexible padding covers all high risk areas.**
- **Free fast shipping and satisfaction is guaranteed.**

REAL RESULTS

The before and after pictures you see here are the results of a in-hospital two week test.
